(*)Approved at the General Assembly on 15/11/2012. AECQ manages the Responsible Care Program for Distributors of Chemical Products in Spain, through the European Association of Chemical Product Distributors (Fecc), in turn a member of the ICCTA, providing a common framework for the application of RC /RC in the world.

In Europe, Responsible Care in the Chemical Distribution sector is based on the collaboration agreement signed between Fecc and Cefic (at European level), and at the national level through the FEIQUE and AECQ collaboration agreement.
